Good results are expected, however I am advised of the possibility of unanticipated complications. Therefore there can be no guarantee expressed or implied either as to the result of the treatment or as a cure. Although their occurrence is extremely rare, there is some risk of infection, swelling, numbness, bleeding, discoloration, aspiration of foreign objects, venting, nausea, and allergic reactions. I further understand and accept that complications may require hospitalization and may even result in death. I hereby state that I have read and understand this consent, and that all questions have been answered in a satisfactory manner. I understand that this consent will remain in effect until such time that I choose to terminate it.
